Ex-aequo Proposals

Ex. For MSCA Postdoctoral Fellowships

- 1) The proposals will be prioritised according to the scores they have been awarded for the criterion 'Excellence'. When these scores are equal, priority will be based on scores for the criterion 'Impact'.
- 2) If necessary, the gender balance among postdoctoral fellows will be used as a factor for prioritisation.
- 3) If a distinction still cannot be made, the panel may decide to further prioritise by considering other factors such as gender and other diversity aspects in the research activities, participation of the non-academic sector (including involvement of SMEs), geographical diversity, favourable employment and working conditions or relationship to the Horizon Europe objectives in general. These factors will be documented in the panel report.
